WE ARE THE NATION OF CONGO IN B-TECH-DRC PLC

1. General Presentation

CONGOLESE ORGANIZATION OF TALENTED YOUNG PEOPLE SA (B-TECH-DRC SA), known by its trade name B-TECH-DRC, is a public limited company established in 2022 in the Democratic Republic of the Congo. It pursues an ambition to value talent, promote initiative, and contribute to economic and social development.

The company operates within a framework that encourages skills, responsibility, entrepreneurial spirit, and young people's participation in development opportunities. Its initiatives are carried out in accordance with its corporate purpose, the laws and regulations applicable in the Democratic Republic of the Congo, and the requirements specific to each project.

Thematic illustration: youth, initiative, and community participation.

2. Background and Context of Establishment

B-TECH-DRC SA was established in 2022 in a context where young people's access to employment, practical skills, and economic opportunities remains an important challenge. The company is part of an approach aimed at encouraging talent and initiatives that can contribute to youth empowerment and community development.

Its establishment reflects a desire to promote a culture of initiative, work, leadership, and responsibility, while seeking opportunities to collaborate with public, private, community, and technical stakeholders, according to project needs.

3. Vision

To contribute to the emergence of a society in which talent and initiatives, particularly those of young people, are recognized, valued, and mobilized in support of the economic and social development of the Democratic Republic of the Congo.

4. Mission

B-TECH-DRC SA's mission is to contribute to the recognition and development of young people's talents and skills through initiatives, services, and partnerships that promote their empowerment, professional integration, and participation in economic and social development.

In this regard, the company seeks to promote initiative, leadership, individual responsibility, solidarity, and a strong work ethic, in compliance with applicable laws and regulations.

5. Strategic Objectives

5.1. Valuing Talent

Encourage the recognition and mobilization of skills, ideas, and initiatives, particularly those led by young people.

5.2. Promoting Initiative

Foster a culture of initiative, innovation, responsibility, and the search for solutions adapted to identified needs.

5.3. Participation in Development

Contribute, within the scope of its corporate purpose and the projects in which it participates, to economic and social development initiatives.

5.4. Professional Integration and Empowerment

Support approaches that may promote experience-building, professional integration, and the empowerment of young people.

5.5. Community Dialogue

Pay attention to local realities, needs expressed by communities, and the importance of responsible participation.

WE ARE THE NATION OF CONGO IN B-TECH-DRC PLC

5.6. Collaboration and Partnerships

Seek collaboration with organizations, companies, institutions, and specialists when projects require complementary skills or resources.

5.7. Compliance

Ensure that the company's initiatives are conducted in accordance with applicable laws, regulations, contractual commitments, and requirements.

6. Areas of Intervention

B-TECH-DRC SA's interventions fall within the limits of its corporate purpose and the capacities mobilized for each assignment. Depending on the nature of projects and the agreements concluded, its areas of interest and intervention may include:

- support for economic and social development initiatives;
- information gathering and field surveys, according to project requirements;
- analysis of local development needs and gaps;
- initiatives related to local content and the participation of local stakeholders, in accordance with the terms of reference;
- community mobilization and awareness-raising;
- contributions to socio-economic, social, or environmental studies, either directly within the authorized scope or in collaboration with qualified partners;
- support for supply, procurement, or logistics initiatives, subject to the contracts and resources actually available.

7. Commitment to Youth and Communities

B-TECH-DRC SA recognizes the importance of young people in building sustainable solutions and contributing to the country's development. The company seeks to encourage attitudes and values that foster autonomy, a sense of responsibility, solidarity, discipline, and constructive participation.

In its relations with communities, it favors an approach that respects people, local realities, and identified needs. Activities carried out in this context depend on project objectives, required authorizations, and any partnerships established.

8. Working Approach and Partnerships

B-TECH-DRC SA's approach is based on listening, understanding the context, clearly defining needs, and seeking responses suited to agreed objectives. The company places importance on transparent communication, respect for contractual commitments, and consideration of applicable requirements.

When a project requires specialized skills, equipment, resources, or specific authorizations, B-TECH-DRC SA may seek to collaborate with appropriate partners. Each collaboration is to be defined according to the assignment's needs, the responsibilities of each party, and the agreements concluded.

9. Governance and Administration

B-TECH-DRC SA is incorporated as a public limited company (SA) and has a Board of Directors. Its operations are governed by its articles of association, decisions of its competent bodies, and the legislation applicable in the Democratic Republic of the Congo.

The company seeks to promote responsible governance, compliance with procedures, and management consistent with its legal and contractual commitments.

10. Our Ambition

B-TECH-DRC SA aims to progressively develop collaborations and initiatives that value talent, encourage young people's engagement, and contribute to community development. It seeks to build relationships of trust with its partners and participate in relevant projects, in accordance with its corporate purpose and the resources actually mobilized.
